TACTICAL

Cutting Edge Driven Gear

---

The Latin word “telum” translates to “weapon,” and tactical immediately brings automatics to mind — perfectly capturing what is core to Telum Tactical’s purpose.

Telum Tactical strives to offer only the finest selection of purpose-built tactical gear, including a unique line of precision-crafted knives for law enforcement, military professionals, and avid outdoorsmen. Each of Telum Tactical’s designs is precision-crafted for superior performance, durability, and cutting power while providing the perfect balance of modern design and resilience.

Constructed of high-strength metal alloys and machined ergonomic grips, these knives are engineered for functionality. From fixed blades to automatic folders to special-purpose knives, Telum Tactical is committed to building a line of unique designs for every task.

# TITAN

- D2 Stone-Washed Finished Blade
- Automatic Opening System
- Safety Lock
- G10 Handle
- Tip-Up Pocket Clip

The Titan Series of automatic knives is our largest automatic design. It has a G10 handle with texture for sure gripping. This 5.0-inch closed-length push-button automatic has a 4.0-inch-long D2 stone-washed tanto blade with a flat grind.

Designed for quick and easy opening, the knife can be opened with the push of a button to release its coil spring for quick and full opening. There is a slide safety lock on the side of the knife that can be used to lock the button in the open or closed position so that the button cannot be pushed. The pocket clip has a tip-up design.
